

KRISHNA RAMACHANDRA

Founder & Chairman, Digital Insights Ventures
Former Chairman & Senior Founding Partner
(Duane Morris & Selvam LLP and Selvam LLC)

PROFESSIONAL SUMMARY

Krishna is one of the foremost global experts in the legal, regulatory and commercial fields, as well as on blockchain and cryptocurrency applications. He has advised on the legal and commercial aspects of over 285 blockchain commercial and regulatory transactions; advised the leading exchanges and family offices, funds and projects on licensing, token economics and strategy; and is presently advising governments on crypto regulatory frameworks.

Krishna is a recognised industry thought-leader and is much sought after as a speaker and by the media for his ability to give expert views that combine acute commercial insight, and a deep understanding of technology in the backdrop of a rapidly evolving legal and regulatory environment. As Founder of Digital Insights, Krishna advises the complex commercial strategies for clients embarking on a crypto, digitalisation and blockchain strategy.

Krishna is also widely regarded as one of a rare breed of global international lawyers with numerous awards and accolades in multiple specialisms over multiple jurisdictions. He has led over US\$100 billion of transactional deals in private equity, capital markets and M&A representing global banks, corporates, funds, family offices and providing advisory to start-up entrepreneurs.

Krishna shares a passion and vision for a community that must be defined by sustainability and equality for the world to work and is actively engaged in several social and community initiatives such as The Helix Initiative and the Equality Foundation.
